Sorting other waste

Use the recycling bins at the top of Fridhemsgatan.

Translation of what is indicated on the green bins:

- Tidningar - Newspapers (also regular thin paper, letters etc - however not envelope should go as normal trash)
- Pappersförpackningar - Paper packaging, i.e. all paper wrapping including paper board, milk and juice cartons (with caps going as plastic)
- Färgat glas - colored glass (no light bulbs)
- Ofärgat glas - non-colored glass (no light bulbs) (green goes as colored - just white glass)
- Metall/metallförpackningar - metal, including small/thin metal like foil wrapping on butter and dairy products, N.B. no electric or electronics
- Plastförpackningar - plastic (soft and hard) e.g. crisp bags, jam containers
- Batterier - red battery "mailbox" which is also at the recycling pick-up at Fridhemsgatan

Other - For everything that is not mentioned above or regular trash (to be burnt), e.g. electronics, light bulbs, there is a city recycling/reuse center at "Roslagstulls återbruk", Cedersdalsgatan 7.

Pant - bottle/can refund; there is a refund on most can and PET-bottles (which is indicated on them); you bring them to the Supermarkets they have machines for it.
